*A new age of networking & contact-
searching appears on the horizon...*

In order to provide a closer connection of the worldwide independent movement, the Kentucky Fried Royalty (KFR) network has been expanded by a computer database with contact addresses from all over the world.

Every month, about 300 new addresses will be published in the Informagazin of the KFR with comments and short articles about these contacts. All contacts are checked by the KFR, so you won't get wrong addresses as in other contact mediums.

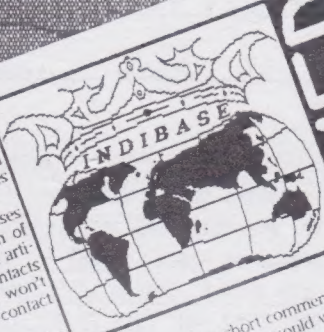

The price will depend on the size and a small percentage will be marked upon to finance the work.

Everybody can take in part in the magazine. You can write short comments on your own contacts or you just can send me new addresses. It would be great, if you would write a description of your own work or if you could send me examples of it.

I will also distribute all flyers, I can get. I hope that you'll do the same with my own flyers. Perhaps I will publish a flyer magazin, because I'm very much into mail art (see the INTERNATIONAL COMPUTER MAIL ART CLUB).

The first Informagazin will be released in June '90, also available on disc (MS-DOS, 5 1/4"). I like every kind of contact and you can be sure that your name will be known in the whole world one month later.

Contact the KFR Indibase, c/o Andreas Heilwagen, Herzog-von-Juelich-Ring 8, 5485 Sinzig/Rhein, West Germany.

KFR NEWS - DITTMAR - PARISER STR 63A - 1000 BERLIN 15 - WEST
GERMANY.....

KENTUCKY FRIED ROYALTY (KFR)

For about 10 years a world-
wide alternative culture has
been growing, ignored by the
mainstream media & not known
by the majority.

KFR was established to
connect the artists with the
artists & the public by a plat-
form of communication, build
by the following ideas:

1. To unite this alternative
culture (musicians, writers &
graphic artists) on a world-
wide level, KFR acts as a
worldwide distributor
2. KFR wants to be an inspiration to show that everyone can create and we want to be a catalyst for this movement ... 3. KFR wants to bring the artistic mediums of the movement to an equal level of the established ones ... 4. KFR seeks to provide an equal but low cost alternative to the normal established business ... 5. KFR seeks to raise the sales of the artists' controlled mediums ... 6. KFR does not seek to destroy the individual but we are trying to encourage them to grow.

We will accomplish all this through these means:

1. with the information center in Berlin ... 2. by contacting mayor news mediums to reach a wider audience ... 3. by working as a distributor ... 4. by yearly meetings of the KFR stations ... 5. by running shops ... 6. by self-financing the stations by a small percentage marked up on the sold items. The money will be used for advertising and so on ... 7. KFR will finance other ventures through the money raised by the sales of records ... 8. KFR will not deal in any illegal recordings.

To connect the artists, labels, magazines and radio stations, a computer-database has been build up, the KFR INDIBASE.

For complete information, write to the KFR INDIBASE, c/o ANDREAS HEILWAGEN,
HERZOG-VON-JUELICH-RING 8, 5485 SINZIG/RHEIN, WEST GERMANY !!!!!!!
